THANK YOU FROM PEYTONA C OF C

We greatly appreciate your generous donation in memory of Ted McNeely. He was a devout Christian that was an inspiration to others! . . .

He is missed dearly, but we all know he is celebrating in Paradise and looking forward to being reunited with his church family.

May God bless the members of your congregation.

Sincerely, Congregation at Peytona

Faith is better understood as a verb than as a noun, as a process than as a possession. It is on-again-off-again rather than once-and-for-all. Faith is not being sure where you're going, but going anyway. A journey without maps. [as theologian] Paul Tillich said ... doubt isn't the opposite of faith; it is an element of faith. — Frederick Buechner

The word sabotage has a fascinating history. Sabot is the French word for a wooden shoe. Sabotage was the act of throwing a shoe into machinery to stop work. Now it means any attempt to hinder production or spoil a product.

Satan tries to cast a wooden shoe into our souls to prevent us from accomplishing God's plan. That shoe is worry, which can crush the spirit, sour our disposition and interfere with Christian service. That's why Jesus instructs: "Do not worry about tomorrow, for tomorrow will worry about itself" (Matthew 6:34, NIV). Jesus isn't promoting laziness or indifference; instead, he encourages us to trust our Father, who provides for all our needs.

Be on guard, and don't let worry sabotage your faith! — Newsletter Newsletter
